Homeless Service
Providers: we only
have one week to get
this count done!
Will you help?

Each year, the state comes together to get an accurate count of every Rhode Islander experiencing homelessness. Through street outreach, shelter data, and activating the homeless service provider community, we are able to collect data on where Rhode Islanders sleep the night of January 25, 2023.

**AN ACCURATE COUNT IS VITAL FOR FUNDING, ADVOCACY,
AND RESOURCE MANAGEMENT!**
